20+1 JORNADA DE BIOLOGIA EVOLUTIVA

12th July 2021, Virtual (from 9.15am to 1.30pm)

9.15-9.25 Welcome

9.25-9.50 Invited speaker. Isabel Almudí (UB)

Title. Genomic adaptations to aquatic and aerial lifestyles in mayflies

9.50-10.15 Invited speaker. Laura Botigué (CRAG)

Title. Crop archaeogenomics, understanding the past and harvesting the future.

10.15- 10.40 Invited speaker. Marta Melé (BSC)

Title. The anatomy of transcriptome regulation. implications for human adaptation

10.40-10.50 Short break

10.50-11.15 Invited speaker. Daniel Richter (IBE)

Title. The biology of the most abundant microbial eukaryotes in the surface oceans

11.15-11.40 Invited speaker. Gerard Talavera (IBB)

Title. Migration in insects. their extent and population dynamics

11.40-12.20 Keynote speaker. Laura Ross (University of Edinburgh, UK)

Title. Genetics and Evolution of Unusual Sex

12.20-12.30 Short break

12.30-12.40 Tribute to Dr. Carme Segarra by Montse Papaseit

12.40-13.25 Round-Table. 'Past, present and future of Evolutionary Biology'

Montse Aguadé (UB) / Julio Rozas (UB) / Jaume Bertranpetit (IBE) / David Comas (IBE)

13.25-13.30 Premi Prevosti

Premi Prevosti Committee

Paula Escuer (UB) / Covadonga Vara (IDIBELL) / Daniel Viales (IBB) / Carla Giner (Genomics plc, UK) / David Castellano (CRG)
